	IFS Food
<p>Current Version:</p>	<p style="text-align: center;">Ver. 6.1 – November 2017</p> <p><u>Publication of IFS Food V7 postponed to summer 2020.</u> The publication of the IFS Food 7 will be postponed. With the establishment of a uniform European procedure, which necessitates a program evaluation (EA 1/22) by the European Accreditation Forum (EA), IFS is now formally required to comply with this procedure and undergo a full program evaluation for IFS Food Version 7. Although such a formal program evaluation seems unnecessary after 18 years, IFS will naturally fulfil this demand. However, as a result IFS Food Version 7 will only be published once the evaluation by our home-accreditation body the Deutsche Akkreditierungsstelle GmbH (DAKKS) has successfully been completed. IFS Food V7 will become applicable one year after publication.</p>
